### In support of the **Young Carers Development Trust**

The Young Carers Development Trust provides life changing opportunities to some of the most disadvantaged young people in the South-West and beyond, through empowering young carers to reach their potential. Our approach is to work with local young carers services to identify young carers with real potential who are unlikely to succeed without targeted support. 100% of the young carers we support are in Employment, Education and Training.

This event is in memory of Development Mentor Bryan Daly, whose enthusiasm for life greatly impacted both the young carer he supported and the whole charity.
